Skin & Hair Care

1 AMAZING
SKIN FEEL

2 PROVEN
EFFICACY

3 HIGH
IMPACT

The Amazon's best kept secret

Used since ancient times by indigenous communities for skin and hair care.

Cacay Oil exceeds the best properties of Argan and Rosehip oils, with an outstanding absorption that leaves no oily or sticky feel. Clinical studies run in Germany prove its anti-aging efficacy.

COLOMBIA 

UNIQUE *Composition*

Cold pressed from Cacay tree nuts
(Caryodendron orinocense)

Up to 75% Linoleic Acid with high
content of Natural Antioxidants

50% more Vitamin E and twice
the amount of Linoleic Acid
than Argan Oil

3 times more Retinol
than Rosehip Oil

As much Squalene
as Olive Oil

Light texture that
quickly absorbs

Mild nutty scent
that fades fast

36M shelf life

Supported by:

Cacay
Plantation

BEEKEEPING

Cacay tree leaves produce a sweet nectar that attracts bees, wasps, and other natural controllers. These insects increase pollination and defend the tree when plagues attack, generating an ecological balance within the plantation, which avoids using pesticides.

No Irrigation on crops nor
water in the processing
