# Our Sustainability Goals

Nouryon believes that our essential solutions, as well as our actions as a Company, can contribute to a more sustainable future. We are dedicated to reducing our own environmental impact and to partnering to develop new innovative, sustainable solutions for our end-markets that answer societal needs.

We partner with our customers, suppliers, and employees to deliver innovative solutions, drive progress, and create a safe and sustainable today and tomorrow for everyone.

Nouryon participates in the United Nations (UN) Global Compact and supports all UN Sustainable Development Goals (SDGs), among other commitments. Our Company strategy, sustainability goals and Code of Conduct are aligned with conducting business in a way that supports universal principles related to human rights, environment, and anti-corruption, among others.

We have also embedded sustainability in our growth strategy, our Values and in how we define our future success. Nouryon reports metrics in accordance with the Sustainability Accounting Standards Board (SASB). For more information, including a full overview of Environmental, Social, and Governance (ESG) data, as well as an SASB index, please visit [nouryon.com/company/sustainability](https://nouryon.com/company/sustainability).

## Our 'Commitment to a Sustainable Future' is based on three pillars:
